

PROTECTIVE PRODUCTS

UV SURFACE SHIELD

\$29.95–\$195.00

AVAILABLE IN 16OZ, 24OZ, 1 GAL.

Glidecoat UV Surface Shield is a liquid Nano Polymer that protects marine gel coat and paint from harmful UV damage for up to 8 months. UV Surface Shield fills microscopic scratches and nicks, which provides your gel coat or painted surface with an enhanced shine and glossy appearance that is also UV resistant.

BENEFITS

Simple spray on application.

Prevents hull staining at waterline from algae and inwater solids.

Provides enhanced gloss and shine appearance.

Hydrophobic surface provides extreme dirt, salt, fish blood and water repellence.

Provides 4 to 8 months of durability depending on location.

Reduces UV exposure to treated areas.

SMART FABRIC PROTECTOR

\$29.95–\$245.00

AVAILABLE IN 16OZ, 24OZ, 1 GAL.

Glidecoat Smart Fabric Protector makes ordinary fabrics and vinyls waterproof, stain resistant and easy to clean. The product will help prevent soaking, swelling and rotting on any fabric, boat cushions, marine mattresses, canopies and awnings. Treated surfaces will be 99.9% bacteria free eliminating mold and mildew due to the anti-bacterial technology.

BENEFITS

Simple spray on application.

Keeps fabrics looking new with no change in look or feel.

Helps eliminate fabric stains from Sun Tan Lotions.

Provides protection for 6-12 months.

Reduces UV exposure, extending the life of the fabric.

SURFACE WIPE DECONTAMINANT

\$24.95–\$165.00

AVAILABLE IN 16OZ, 24OZ, 1 GAL.

Glidecoat Surface Wipe is a one-step preparation product that removes oils and contaminants before applying Gildecoat coating or polishing applications.

BENEFITS

Simple wipe on application.

Removes all polish residues, waxes and oils.

Contains no fragrances or colors.

Promotes bonding with Glidecoat Liquid Crystal Top Coating.

NANO WASH

\$14.95–\$29.95

AVAILABLE IN 8OZ, 12OZ, 24OZ

Glidecoat Nano Wash safely removes dirt and salt from marine paint and gel coat by producing a high foam content, which breaks the bond between the dirt film and your boat's paintwork and lubricates dirt particles, minimizing surface abrasion. Nano Wash will ensure maximum gloss retention through reduced micro scratching during the wash process.

BENEFITS

Simple wipe on application.

Provides maximum gloss and shine.

Highly concentrated, requiring the use of much smaller quantities of soap.

Minimal abrasion compared to other soaps.

Designed to work with both Glidecoat Top Coating, Professional Top Coating and Glidecoat UV Surface Shield to help maximize surface coating life.

NANO COMPOSITE POLISH

\$24.95–\$295.00

AVAILABLE IN 16OZ, 32OZ, 1 GAL.

Glidecoat Nano Polish offers a fast, easily achievable, perfect finish, using fewer products, and fewer stages than traditional polishing systems, on both fiberglass and marine paint. Nano Polish provides both a deep cleaning action, as well as polishing in one easy application.

BENEFITS

Simple wipe on application.

One product does the work of two - cleans and polishes.

Smaller active particles help minimize surface heat during polishing process.

Can be used on freshly painted surfaces after wet/dry sanding 1500-2000 grit.

Contains no wax or silicone.

CLEARLY THE ULTIMATE IN SURFACE PROTECTION

Glidecoat provides a unique range of high-performance products and services using Smart Surface Technology Nano-composite materials. Products range from Professional Top Coating, to our foul release product, Prop Optimizer, to the Glidecoat Inflatable Kit and a variety of maintenance products.

All products have been extensively tested on all forms of watercraft in extreme weather conditions by accredited laboratories and have been proven to provide superior protection in even the harshest conditions.

PROTECTIVE PRODUCTS

NANO COMPOUND

\$24.95–\$99.95

AVAILABLE IN 16OZ, 32OZ, 1 GAL.

Glidecoat Nano Compound is a heavy-cut grade compound, containing no wax or silicone and is great when looking for the perfect finish without the worry of swirl lines or burning.

BENEFITS

Simple wipe on application.

Produces uniform clean and glossy surface.

Removes major defects such as deep swirls, scratches, oxidization, chalking, and watermarks.

Smaller active particles help minimize surface heat during polishing process.

Contains no wax or silicone.

Works with Glidecoat Nano Polish, Top Coating and Professional Top Coating Products.

NANO GLASS

\$189.95–\$599.95

AVAILABLE IN 50ML, 80ML, 120ML, 250ML

Glidecoat Nano Glass is an easy-to-use glass coating. Nano Glass protects against hard water spotting and calcium staining. It also prevents mirrored or tinted glass from the fading or discoloring that results from UV damage.

BENEFITS

Easy-to-use application.

Protects glass from scratches, chemicals, acid rain, and salt.

Provides a hydrophobic super smooth surface causing water to sheet off boat for fast drying and easier to see through in rainy conditions.

Provides protection for 6-12 months.

Lasts 12-18 months. Does not need to be removed to reapply.

KITS

PROP OPTIMIZER KIT

\$165.00–\$395.00

AVAILABLE IN 15ML, 30ML, 50ML, 80ML, 120ML

Glidecoat Prop Optimizer Kit is a totally green solution for maintaining and protecting your propeller from barnacles and other marine organisms.

KIT INCLUDES

- 1 Bottle of Glidecoat Surface Wipe
- 1 Bottle of Glidecoat Prop Optimizer Coating
- 1 Pair of Protective Gloves
- 1 Application Sponge

BENEFITS

Eliminates marine growth, helping reduce drag and resistance.

Improves performance and fuel efficiency.

May be applied to all running gear, underwater lights, lenses and thru-hull fittings.

Does not need to be removed to re-apply.

TOP COATING KIT

\$395.00

AVAILABLE FOR UP TO 29' BOAT

Glidecoat Top Coating is a crystal Nano coating which helps restore color, retain gloss (no need to wax) and protects the Gel Coat for 12-18 months, from UV damage, acid rain, fish blood, salt to name a few.

KIT INCLUDES

- 1 Bottle of Glidecoat Top Coating
- 1 Bottle of Glidecoat Nano Wash
- 1 Bottle of Glidecoat Nano Compound
- 1 Bottle of Glidecoat Nano Polish
- 1 Bottle of Glidecoat Surface Wipe
- 4 Pairs of Protective Gloves
- 4 Microfiber Towels

BENEFITS

Gloss and color rejuvenation.

Safe on Gel Coat and most marine paints.

Provides a hard coating resisting scratches and stains.

Restores color and gloss 35 percent more than traditional wax.

Laboratory and in-field test prove 12-18 month life span.

INFLATABLE KIT

\$195.00–\$695.00

AVAILABLE FOR UP TO 12', 20' AND 30' BOATS

Glidecoat Inflatable Kit includes the components you need to protect your tender from the elements and significantly extending its life.

KIT INCLUDES

- 1 Bottle of Glidecoat Nano Wash
- 1 Bottle of Glidecoat Inflatable Coating
- 2 Pairs of Protective Gloves
- 1 Application Sponge

BENEFITS

Eliminates mold and mildew staining.

Helps prevent leaks and damage from soft impacts.

Reduces adhesive failures.

Extends the life of an Inflatable by 2-3 years.

Prevents UV damage and fading by 45%, over 12-mo.

INFLATABLE HARD BOTTOM KIT

\$399.00–\$699.00

AVAILABLE FOR UP TO 12', 20' AND 30' BOATS

Glidecoat Inflatable Hard Bottom Kit provides a solution to significantly extending its life.

KIT INCLUDES

- 1 Bottle of Glidecoat Nano Wash
- 1 Bottle of Glidecoat Inflatable Coating
- 1 Bottle of Glidecoat Surface Wipe
- 1 Bottle of Glidecoat Liquid Crystal
- 4 Pairs of Protective Gloves
- 2 Application Sponges

BENEFITS

Eliminates mold and mildew staining.

Helps prevent leaks and damage from soft impacts.

Reduces adhesive failures.

Extends the life of an inflatable by 2-3 years.

Prevents UV damage and fading by 45%, over 12-mo.
