

NANO COATING FOR VINYL

Glidecoat's Nano Coating For Vinyl has been developed for vinyl that is exposed to the elements, such as vinyl cushions in a marine environment, but also has uses in the home and auto sectors.

When developing this product it was critical to produce a coating which was as efficient as our nano-ceramic coating, yet have the flexibility needed to bond to a surface that can easily contract and expand.

It also needed to be impervious to a variety of chemicals, such as tanning lotion, sunblock, skin creams, etc.

Glidecoat Nano Coating for Vinyl prolongs the lifetime and improves the appearance of vinyl and like similar materials.

APPLICATION INSTRUCTIONS

Before moving to step one, take a small amount of product and apply to an area of the vinyl to ensure there is not a negative chemical response. Apply using the steps below and leave for 24 hours to ensure there has not been a chemical reaction.

1. Use degreaser to remove any stains, rub marks, or surface dirt.
2. Wet down entire area being coated and clean with a soft brush and Glidecoat Nano Wash removing all surface dirt.
3. Rinse all soap off the vinyl and dry with a chamois or towel making sure the area is completely dry before application.

BEFORE COMPLETING NEXT STEPS PUT ON PROTECTIVE GLOVES.

4. Using the application sponge provided in the kit apply a small amount (about a dime size) of the Glidecoat Vinyl to the sponge. Spread evenly doing small areas making the fabric look wet or shiny. Use a white cotton cloth to wipe any excess material. (Note all excess coating must be removed or those areas will turn yellow overtime.)
5. Allow 24 hours to dry before use. If there are any missed areas after dry, simply reapply Glidecoat evenly to the missed area and allow to dry.

DISCLAIMER:

Glidecoat a division of Onan Technologies Inc.'s maximum liability for or with respect to any damages of any kind to any person, property or otherwise, caused to any Customer or any other person as a result of or with respect to any proven breach of any express or implied warranty with respect to any Product; misrepresentation with respect to any Product; Product error, failure or malfunction; formula, engineering or design error; manufacturing or packaging error; labelling error; Product failure to perform; or any other act or omission of any kind whatsoever with respect to any Product, shall be limited the price paid by the Customer for the Product at the time of original purchase (not including shipping, handling, sales taxes or installation services); and Product purchase price refund shall be Customer's only claim or remedy arising therefrom.
